### Advisor Litchfield Says If Plan Is Junked, Russians Will Control

By JOSEPH L. RANFT  
(U. S. Staff Correspondent)  
BERLIN, Aug. 16.—A U. S. military government official today predicted Gen. Lucius D. Clay's resignation if allied envoys in Moscow junk the west German government plan. Dr. Edward H. Litchfield told International News Service that in such an event "Gen. Clay and most of his top advisors will quit."

Litchfield, director of the civil administration division, said in an interview.

"We would be damned fools to buy a Russian lifting of the Berlin blockade and a four-power conference on Germany in exchange for shelving the west German government plan."

An informant close to U. S. military governor Gen. Clay had charged last Saturday that adverse criticism of the general's policy in some sections of the American press is hampering western negotiations in Moscow.

Dr. Litchfield, former University of Michigan professor, is chief American representative on the committee implementing the political fusion of the three western zones in accordance with the London six-power conference recommendations.

Litchfield said: "It is the old Soviet sucker bait—demanding big concessions for giving up something to which they have no legal right in the first place."

All our experience in the foreign ministers' council meetings and an international conference since the end of the war shows that the Soviets are impressed by only one thing—toughness. "The west German state is one of the few weapons we have of which they are afraid. Why give it up?"

Another Munich Litchfield said that a sacrifice of the west German state plan "would be the beginning of a general Munich-style capitulation."

He said Clay "probably would be succeeded by a civilian who (Continued on Page Two)

INDIANTOWN GAP, Pa., Aug. 16.—(INS)—Pennsylvania National Guardsmen turned today to field training after a weekend of shake-down routine on the sprawling 16,500-acre Indiantown Gap military reservation.

Approximately 12,500 civilian soldiers, most of them veterans of World War II, started 88 hours of intensive instruction to be highlighted by a two and a half-day march and bivouac. Backbone of the PNG is the battle-famed 28th Infantry division.

### Dewey-Warren Are Confering

### Presidential And Vice-Presidential Candidates On Republican Ticket Confer

ALBANY, N. Y., Aug. 16.—(INS)—Gov. Thomas E. Dewey of New York and Earl Warren, of California, will confer today in Albany on the 1948 campaign issues.

The GOP presidential and vice-presidential candidates will be joined by Herbert Brownell, Jr., and U. S. Sen. William Knowland, (R) Cal., who accompanied Warren from Sacramento for the talks.

Many invitations confronting Dewey and Warren as they begin their two-day conference were hundreds of invitations to speak. They will study each one carefully before they draft itineraries for the cross-country campaign which is expected to be launched officially September 15.

Warren told reporters in New York City, where he landed after a 16-hour flight from Portland, that he expected the speaking campaign would start the second week in September; that he regarded "peace with honor" as the No. 1 international issue and that he agrees with Dewey that the answer to Communism does not lie in the outlawing of the Communist party as a political party.

### Taxpayers Seek Answers To Questions Raised By Proposed 10 Mill Wage Tax

What is the proposed wage tax for New Castle? Who has to pay it, where does the money go, and why does the city need any increased revenues? These are some of the questions that are being asked in New Castle today by citizens of all classes. For the first time in many years the taxpayers are expressing a lively interest in their local governmental financial affairs. They want to know the answers. They have a right to know them.

Applies To Every One In the past week The News has been something of a study of the proposed wage tax, and the financial structure of the city. In this article and in a succeeding article it is proposed to paint as intelligently as possible the city's financial standing and its needs, and also the proposal to levy a wage tax and at the same time reduce others.

To sum the entire thing up in a capsule, at the beginning of these articles the following statements can be made. The city, like every person and corporation finds increasing costs requires increased revenues. As a means of meeting obligations, the city proposes to levy a ten mill or one per cent tax upon all incomes, whether received from wages, salaries, commissions, fees, interest from investment or other forms of income. The city proposes to abandon the mercantile and occupation taxes. With this brief statement of intent upon the part of the city, a

The orchestra included in their program, semi-classical numbers, and modern dance music arrangements. Michael Turco, tenor, sang three selections, accompanied by Ernest Branstetter, pianist, and the orchestra. The New Castle Barber Shop quartet and chorus, under the leadership of Dave Jones, also gave several vocal numbers during the intermission.

The Cascade park concert sponsored to make the occasion a success. The program was given free, under the Music Appreciation Program of the American Federation of Musicians, which is financed by the Recording and Transcription fund.

Failure Of Rebels To Register For Pardon May Mean Renewal Of Civil War

MANILA, Aug. 16.—(INS)—The internal peace of the Philippines again seems to be hanging by a thread.

There is renewed talk today of the possibility of a resumption of civil war.

The reason? The failure of all but a handful of the rebel Hukbala-haps to register for presidential pardon.

The period for such registrations expired last midnight. The leftist Huk guerrillas and their associated National Peasant Union members had been given 50 days in which to bring themselves under the terms of President Elpidio Quirino's amnesty.

### Seek To Identify Young Girl Beaten, Thrown In Lagoon

PHILADELPHIA, Aug. 16.—(INS)—Police today awaited word from Massachusetts concerning further identity of a pretty 15-year-old girl who was beaten by two men and flung into a lagoon in south Philadelphia.

The girl, blonde violet Beckley of Dudley, Mass., was found in a faint by a park guard shortly after she struggled from the water onto a roadway.

She was treated at Methodist hospital for hysteria and bruises. Police said she gave a dubious account of what happened, during which she said "they forced me to drink something."

Police said it was possible the girl might have been kidnapped in Dudley and taken to Philadelphia. She was drenched when found by the park guard and her shoes and stockings were missing. Her lips were discolored and swollen.

Police described her as a little taller than five feet and weighing about 110 pounds.

### Truman Predicts Deficit For Year

President Says Fiscal Year Will Show 1.5 Billion Shortage

WASHINGTON, Aug. 16.—President Truman created a new campaign issue today by predicting a 1.5 billion dollar government deficit for this fiscal year.

He blamed this on the Republican-controlled Congress. GOP leaders immediately accused the President of distorting budget figures for political purposes. They said there actually would be a surplus.

Increased Surplus And they declared in chorus that Gov. Thomas E. Dewey of New York will increase the surplus by improved fiscal management if he succeeds Mr. Truman in the presidency.

The President predicted that government expenditures in the 1949 fiscal year, which began July 1, would total 42 billion, 203 million dollars and revenue 40 billion, 658 million. This would leave a deficit of one billion, 545 million.

He declared that the GOP tax (Continued on Page Two)

### Russian Teacher Said Improving

Mrs. Kosenkina Still Critical, Estimate 10-12 Weeks For Recovery

NEW YORK, Aug. 16.—(INS)—Mrs. Okana Kosenkina today remained on the critical list, but Roosevelt hospital reports her condition as "slightly improved."

The middle-aged Russian teacher, seriously injured in her desperate leap for freedom, was forbidden all visitors as physicians fought to conserve her strength.

Police continued to keep a constant guard around the hospital and the communist refugee's third floor room.

Placarders and uniformed details are posted at all stairways and entrances.

In Washington, meanwhile, the State department was putting the finishing touches to a note denying Russian charges in case of the Soviet teachers and of Lt. Robert Dreher, accused of espionage while a naval attaché in Moscow last April.

U. S. Ambassador Walter Bedell Smith is expected to deliver the note to the Kremlin within 48 hours.

State department sources indicated the protest may contain counter-charges that Soviet officials (Continued on Page Two)

The parents, Peter Stanko, a 39-year-old drifter for the Pittsburgh Coal Co., and his wife Helen, 34, an invalid, are in a New Kensington hospital with severe burns.

### Soviet Charges Will Be Denied

US May Make Counter Charges Of Russian Diplomats Overstepping Bounds

WASHINGTON, Aug. 16.—The State department today polished up its note to the Russian government denying all Soviet charges in the "schoolteacher" and Dreher cases.

U. S. Ambassador Walter Bedell Smith was expected to deliver the note to the Kremlin within 48 hours.

The note may well contain counter-charges, including allegations that Soviet officials in Washington and New York have overstepped their diplomatic authority in seeking custody of Mrs. Okana Stepanova Kosenkina and Mikhail Samarin.

This possibility was heightened by Moscow efforts to produce a counter spy thriller involving a former U. S. assistant naval attaché of the American Embassy in Moscow.

The State department took prompt cognizance Sunday of a Moscow radio broadcast alleging that Lieut. Robert Dreher had been caught red-handed last April obtaining top secret information from a Soviet customs official.

This, the department said in effect, was just as much eye wash concocted to distract attention from the bunglings of Russian diplomats here in the schoolteacher and spy ring cases.

Actually, the navy lieutenant was seized and temporarily detained while calling on a Soviet customs official at the latter's invitation to discuss the passage of U. S. Embassy supplies through customs.

Dreher had completed a normal 2-year tour of duty in Moscow and had applied for an exit visa a week before the incident.

The craft carried 20 to 30 picnickers from the Textile Leather Corp., of Toledo.

Flames hit was taken to Mercy hospital in Toledo and Peter Van Klinger, husband of the dead woman, was taken to Toledo St. Vincent's hospital. The patrol said they were nearly drowned and were suffering from shock.

Berlin Paper Says Soviet Leaders Plan "Putsch" In City

PLAN INCLUDES USE OF FORCE

Usual "Action Committee" Formation Said To Precede Action

By OMER ANDERSON (U. S. Staff Correspondent)

BERLIN, Aug. 16.—The Berlin newspaper Montags Echo said today that Soviet leaders are planning a "putsch" to install a Communist-dominated government in Berlin and eventually in all of Germany.

Name New Marshall The newspaper, organ of the Conservative Liberal Democratic Party, said that Marshall Konstantin Rokossovsky, hero of Stalingrad, had been named to replace Marshall Sokolov as Soviet commander of Germany in order to carry out the new policy.

The policy, it said, involves the formation of "action committees" on the familiar Soviet lines to seize power.

The newspaper asserted that these action committees are now being formed among members of the Communist-led Socialist unity party (SED).

If the SED is defeated in a legal election, the Russians presumably will declare the results fraudulent and attempt to install the SED in power by force.

Montags Echo said that after capturing political control of Berlin—thus making the position of the Allies virtually untenable—the Russians would back the SED in a drive across the Elbe into western Germany—with arms if necessary.

Rumors of an impending SED-Russian "putsch" have been prevalent for some time. Last May they became so strong that Col. (Continued on Page Two)

### Fire-Explosion Kills 5 In Reno

FIFTEEN INJURED, \$100,000 Damage In Block Leveling Blaze

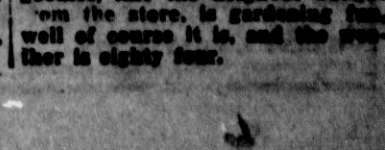

RENO, Nev., Aug. 16.—(INS)—Policemen and firemen poked through the charred, twisted ruins today to determine the cause of a fire and explosion that leveled a half block of buildings in downtown Reno, killing five men.

Between 150 and 200 persons were injured, 15 of them seriously in the \$100,000 blaze.

The blaze occurred while firemen from Reno and nearby sparks were battling the flames yesterday. It was one of the worst fires in the history of Reno.

The explosion wrecked one of the burning buildings, blowing out the front of the structure into a crowd of onlookers, many of whom were injured by flying glass.

Authorities said the fire appeared to have broken out in a leather goods store. The flames spread rapidly to a hotel and other brick buildings at both ends of the line of burning houses, bars and stores stopped the blaze from spreading further.

## Insurance Men Ask \$15 Boost

PITTSBURGH, Aug. 16.—(INS)—The CIO United Office and Professional Workers of America Union members today voted to support a \$15-a-week wage boost.

James H. Durkin, president of the 70,000-member union, announced Sunday at the conclusion of a week-end policy conference in Pittsburgh that the union will begin negotiations with Prudential Life Insurance company for a \$15-a-week wage boost.

At the same time, Durkin reiterated the union's stand that it has the right to support any candidate running for political office. He said the UOPWA was opposed to attempts to gag Henry A. Wallace and his campaign.

Wallace has been described by UOPWA leaders as the candidate who "represents most of the union's goals and beliefs."

Durkin added that 9,000 of the 14,000 employees at Prudential were members of his union and a National Labor Relations Board election requested by the company was not necessary.

The UOPWA has not signed the anti-Communist affidavits as required by the Taft-Hartley law.

## Israeli Government To Issue Currency

TEL AVIV, Aug. 16.—(INS)—The Israeli government announced today it will issue its own currency beginning tomorrow.

Minister Kuper, treasury minister, said the plan calling away all currencies with the monetary system established under the British mandate in Palestine will give Jews one month to exchange their money into new currency.

After that the old Palestine money will be considered foreign currency.

Kuper said Palestine pounds will be exchanged at an equal rate for the Israeli pound, and the new money will be backed by at least 50 per cent of sterling reserves and gold foreign exchange balances.

Today America produces more than 40 per cent of the world's shoes.

## TRUMAN PREDICTS DEFICIT FOR YEAR

(Continued from Page One)

reduction passed over his veto last spring was chiefly responsible for "this sharp reversal" in the fiscal situation.

In the 1948 fiscal year, which ended last June 30, the government ran up an all-time high surplus of eight billion, 420 million dollars. The 1947 year showed a 794 million surplus. This was the first time the government had been out of the red since 1930.

The expenditure forecast for the 1949 year is six billion, 127 million greater than the 36 billion and 66 million which the government actually spent in the 1948 year. This results mainly from expanded foreign aid and national defense programs.

The revenue estimate is three billion, 628 million less than the amount the government collected in 1948. This is due to the tax cut.

"Paper" Surplus

The President conceded that the government actually will have a "paper surplus" of one billion, 455 million in the 1949 year. But he said this is due to a "bookkeeping shift."

He referred to the action, engineered by Republican leaders at the regular session of Congress, of earmarking three billion dollars of the 1949 year surplus to help defray costs of the European recovery program in the 1949 year.

Republican leaders who replied to the President were House Speaker Martin, Mass., and Sen. Bridges, N. H., chairman of the Senate Appropriations committee, and Millican, Colo., chairman of the Senate Finance committee.

Bridges said the budget review was "just another campaign speech." He asserted that the President "has scrambled his figures to conceal a surplus that will not be less than six billion dollars."

### DONNA SMITH WEDS MICHAEL ALICK, JR.

At a lovely midsummer wedding in the Alliance Gospel Tabernacle, on Saturday evening at 8:30 p. m., Miss Donna Jean Smith, daughter of Audley R. Smith, 924 Marshall avenue and the late Mrs. Smith, became the bride of Michael Alick, Jr., son of Michael Alick, of 26 Spring street and the late Mrs. Alick.

The single ring candlelight ceremony was performed before an altar banked high with ferns, palms and gladioli. Rev. J. H. Boon pastor of the church officiated.

Escorted down the aisle on the arm of her father, who gave her in marriage, the bride was beautiful in her colonial style white silk marquisette gown trimmed in lace. Her full length veil fell into a long train. Her bouquet was of white roses and her only jewelry consisted of a single strand of pearls, a gift from the bridegroom. She also wore "something old, something borrowed, something blue".

Mrs. Donald Wagner, sister of the bride, as matron of honor, was attired in a blue marquisette gown carrying a mixed bouquet. As bridesmaids, Mrs. George Cifra and Miss Leila Church, both wore gowns of yellow marquisette and carried bouquets of mixed flowers.

Donald Wagner served the bridegroom as best man and George Cifra and William Chalmers ushers.

Pre-nuptial music was played on the piano by Edward Jenkins, with Miss Josephine Jenkins singing "Because", "I Love You Truly" and "In Heavenly Love Abiding" accompanied at the piano by her brother, Mr. Jenkins.

Immediately following the ceremony, a reception for 100 guests took place in the home of the bride's father, 924 Marshall avenue. Following the reception, they left for a wedding trip to Niagara Falls and New York and upon their return will be at home at 924 Marshall avenue.

Mrs. Alick, who is a graduate of the New Castle high school, is a former employee of the Pennsylvania Engineering Co. Mr. Alick, a graduate of Union high school, is employed at the Rick Motor Company.

Rev. Orner's family consists of his wife, and three children, two of which are married and one daughter at home. Appropriate installation services are being planned by Rev. E. D. Plancy, of Beaver Falls, and former New Castle man who is chairman of the installation committee.

Eighty-Ninth Anniversary Of Drilling Of Drake Well To Be Observed August 22-29

HARRISBURG — Titusville will observe the 89th anniversary of the drilling of Drake well, with a four-day August 22-29 "oil festival", the State Department of Commerce vacation and recreation bureau reports.

The first commercial use of oil by settlers around this area was for medicinal purposes. It was then called "Seneca Oil". In 1859, near Titusville, "Colonel" E. L. Drake drilled the first successful producing well which yielded 25 barrels a day. This started the oil industry which today has spread to many parts of the world.

Plans are also being discussed for a 90th anniversary next year at which time it is also planned to have the federal government issue a special commemorative stamp.

The four-day event this year will provide visitors with the opportunity to see the various points of interest in the community and to attend the special events which include band concerts, dancing, ball games, old timers day and fireworks displays.

# West Pittsburgh Homecoming Fete Draws Big Crowd

Parade, Memorial Service, Band Concert Features Of Saturday Celebration

Approximately 2,500 persons witnessed the gala celebration staged in West Pittsburgh on Saturday, celebrating the homecoming of servicemen.

First celebration was held last year, and the one staged on Saturday convinced people of the community that it will become an annual event.

At 10 o'clock, the day's program started on a serious note, with a high mass in the Holy Cross church in honor of those who died in service. The mass was sponsored by the Armando Diaz society of West Pittsburgh.

Heading the parade, which started at 11 a. m., was Lt. Col. Dale Anderson, Lt. Col. Anderson, who is stationed at the Wilbur Wright Field, Dayton, Ohio, arrived home on Friday night, and has a week's leave.

Other participants in the parade were Perry S. Gaston Post No. 248, American Legion band, Taylor township volunteer firemen, Taylor township fireman's auxiliary, church organizations from the Holy Cross church, members of the Diaz club, Boy Scout troop of West Pittsburgh.

Memorial Ceremony  
The parade ended at the service-men's memorial at the lawn of the public school, where a short ceremony took place.

Ray Page, former lieutenant in the infantry, issued the commands. The boys' bands raised the flag, and lowered it again to half mast during the memorial for the servicemen who died in service of their country.

The Lord's prayer was given by Ray Page, followed by a speech by Lt. Col. Anderson, which closed the ceremony.

Ten beautiful large baskets of flowers decorated the memorial. They were presented by various organizations of West Pittsburgh.

Evening Program  
An old time baseball game was the featured event beginning at 8 o'clock on the West Pittsburgh ball field. Also entertain-

ing at the game was the American Legion band.  
At 6 o'clock, a spaghetti dinner was served to members of the committee in charge of the day's program, and members of the band.  
A band concert at 7 o'clock, on Center avenue, attracted a crowd of approximately 4,000 persons.  
Closing the day's events were a display of fireworks at 10:45 o'clock.  
Mickey D. Pazkovich, commander of the West Pittsburgh Legion Post was chairman of the day, and had as his co-chairman, Anthony Nertl, of the Diaz society.

## Wampum Horse Show Pronounced Success

Ellwood City Kiwanis Show Concludes Third Showing On Saturday Night

Final performance of the annual horse show of the Pleasant Valley farm, near Wampum, drew its largest crowd on Saturday night.

First of the three performances of the Ellwood City Kiwanis club horse show was on Friday evening with the stands well filled. Second performance on Saturday afternoon also attracted a goodly sized crowd.

Approximately 100 entries were listed in the 37 classes of horses which were shown. Judges for the event were Richard Lavery, of Strongsville, O., and G. H. Chubb, of Swanton, Ohio.

General chairman of the show was Arthur Hazen, with Harold W. Marshall as show manager. Ringmasters were Donald Hazen, Jr., and Harold W. Marshall, Jr.

Purses amounting to \$2,500 made it an attractive event for horse owners. Net proceeds of the show will be used for payment of air conditioning units already installed in the Mary Evans maternity hospital in Ellwood City.

The desire to construct automatic clocks which performed automatically many things besides simply recording the time of day, is as old as clock making. It was developed to a marvelous degree in ancient Oriental nations. The automata of ancient Chinese and Arabian clocks were the models upon which medieval European clocks of this type were based.

The first automobile armored car was designed 50 years ago, in 1898, with a Colt automatic machine gun mounted on it, for use by a military academy. In 1899 the United States Army bought its first car.

## Republican Rally Planned Aug. 25

Lincoln Club To Present Congressman Nixon At Edgewood Park

CONGRESSMAN NIXON

The first major political rally in western Pennsylvania of the current presidential campaign will take place at Edgewood Park, on the New Brighton-Ellwood City road, Saturday, August 21st. The speaker will be Honorable Richard M. Nixon, congressman from the 12th California district and a close friend of vice-president nominee Earl Warren. The activities start at 2:30 with soft ball. The program will be between 4:30 and 5:30 o'clock followed by a picnic lunch. County Controller Ralph C. Bennett is general chairman of the committee on arrangements. Sheriff Ray P. McKeeney is president of the Lincoln Club which is sponsoring the affair.

## Large Attendance At Outdoor Service On Sunday Evening

Mounting interest in the evening vesper services of the churches of New Castle and vicinity drew one of the largest crowds to the lawn of the First Christian church-Sunday evening, thus far this season.

The speaker for the period was Rev. Vincent T. Ross, pastor of the Second Presbyterian church of Butler, Pa., who used as his theme a Scripture portion from First Corinthians, "If the trumpet give forth an uncertain sound, how shall they be called into battle?" He pointed out the existence of false prophets and admonished his listeners not to listen to every word and to yield not to temptation.

The musical portion of the program was exceptionally good, with Miss Shirley Leffler singing two selections. Miss Emma Patton was in charge of the service, with Same Lewis directing the singing. Mrs. Glenn McCracken presided at the piano.

## TAXPAYERS SEEK ANSWERS RAISED BY 10 MILL WAGE TAX

(Continued from Page One)

for health and sanitation (health department, garbage department, sewerage disposal). Streets took \$172,300.84, recreation \$88,613.84 and miscellaneous expenses were \$48,391.56. There was a balance on hand with which to start 1948 of \$42,452.03. This then was the general operation budgetary expenditures for 1947.

Where It Came From  
Where did this money come from? There was a balance of \$79,622.29 starting the year 1947. To this was added \$581,328.77 in taxes. Licenses and permits from beverages licensees, building permits, business and mercantile licenses and the like, \$62,001.53 and forfeits \$13,474.42. Rent of property, buildings and equipment, \$4,947.32. County aid for highways \$11,758.81. This was not a regular source of revenue but was aid from the county in paying for damage occasioned by new highways entering New Castle.

Departmental earnings such as parking meter receipts, and various other sources such as Cascade Park, the golf course, comfort station and others brought in \$62,663.52. Paying liens brought in \$4306.12.

Still in addition there was \$63,967.59 of what is termed "non-revenue receipts." This included \$35,754.50 from the sale of property, supplies and equipment, and a number of refunds, plus \$339.71 state fire insurance tax and advances from the highway aid fund of \$6698.03. This totals \$884,318.67. There was spent \$841,806.64 and a balance of \$42,452.03 makes a total of \$884,318.67.

The 1947 general operation budget then, for 1947 was \$884,318.67. This was for general operation of the city and does not include the free public library or the sinking fund. These figures are available but seem to serve no purpose in this article.

1948 Budget

For 1948 the city's budget is slightly higher—a \$893,000, which means a slight increase over the budget totals of 1947. The budget figures for 1948 would indicate no increases in salaries or wages, no extraordinary expenses and a little replacement of equipment. This does not take into consideration the new city hall which is being paid for out of bond money. It seems apparent that some increase in wages and salaries will be necessary for the 1948 budget. At the present time the city payroll is approximately \$615,000. If it can be assumed that the city grants a ten percent increase in salaries and wages, this would add \$61,500 to the budget.

Council and the mayor have said that when the one percent wage tax is in effect, the mercantile tax and the occupation tax would be abandoned. This has accounted for approximately \$70,000 revenue. Council and the mayor have also said it is their intention to reduce the real estate live five mills, at least, but this would be done only after it was seen how the returns from the wage tax were coming in.

At the present time the triennial assessments are being made and property owners are being notified of increases in their assessments.

It is said in city hall that the increase in realty assessments for 1948 will average about 25 percent. If this is true, the realty assessments for 1948 will total roughly \$61,750,000.

Council and the mayor have said they expect to cut at least five mills from the current tax levy when the wage tax levy goes through. This appears to be a saving of one third. Actually it is nothing of the sort. A reduction of five mills on the basis of the 1948 assessments would be one third. But five mills from the fifteen mill levy based upon the increased assessments would be only one sixth saving in actual tax payments.

As an example, a property assessed at \$1000 for 1948 would pay \$15. If this property is raised 25 per cent in assessed value and the levy is cut five mills it means paying ten mill levy upon an assessed value of \$1250, or \$12.50, a saving not of 85 but of \$2.50.

Looking into the future council and the mayor believe there are improvements necessary and sound minded people will agree with many of their ideas.

The budget for 1948 is \$893,000 for general operation. If there were a 10 per cent raise in salaries and wages this would add about \$61,000 to the budget figure, which would mean a budget of \$954,000. Perhaps some small part of the increase should be charged against the library fund and sinking fund, but to be liberal, all of it is left in the general operation budget.

There are some street improvements necessary, and these will cost money, and there is some thought being given to more traffic protection, and this would cost money.

To meet the anticipated budget of 1948 and to do things that are felt necessary, Council and the Mayor have decided upon a 10-mill or one per cent wage tax.

The workings of this tax, what it will mean to revenues, and how it operates, will be dealt with tomorrow.

BOY SLIGHTLY INJURED  
Eddie Hockenberry, age 7, sustained brush burns to his left shoulder, elbow and forehead when he ran into the path of a car driven by William D. Hayden, Ellwood City. Mounted Route 7, Sunday afternoon. The accident occurred in East street, near Cottage street.

FLEES SCHOOL  
Ira Main, 16, of this city, was reported by school officials to have left the George Junior Republic school, Grove City, without sanction. He left with Mevin Via of Hummelstown, Pa., the report added. City police hope to apprehend him.

Threaded glass has its surface broken by slender wavy lines which add interest to the surface texture.

### Three Man Liquor Board Shake Along Political Lines

HARRISBURG, Aug. 16.—(INS)—The Democratic State Committee has retained Jesse Laventhol, crack Philadelphia newspaperman, to handle its press relations during the 1948 election campaign. Laventhol was highway department publicity director during the Earl administration.

Republican leaders at the State Capitol have received a fairly good indication that Governor Duff intends to play ball with the Lackawanna GOP faction headed by Everett Messer rather than the group led by William F. Evans, a follower of Public Utility Commissioner Harold A. Scrags and Mrs. Marion Scrags. National committee woman, Evans deposed Messer as chairman of the county organization by one vote. Duff tipped his hand when he sanctioned the appointment of Daniel W. Beynon, of West Scranton, as Lackawanna county inheritance tax appraiser. Messer admitted intervening in behalf of Beynon who lost another state revenue department job in a political coup.

Nancy Reist, governor's office receptionist, firmly believes that Carnegie is the largest city in Pennsylvania. Carnegie, she explains, is Governor Duff's home and draws of visitors to the State Capitol claim a personal friendship with him. "Carnegie has to be the biggest city to accommodate all the people who claim to be his friends and neighbors," she points out. "Actually, it is an old dodge among many visitors to try to impress receptionists with a close political or personal relationship with governors. Most of the time, governors never were associated with them in any way. During the administration of Governor Martin, a bumpkin visitor was telling a receptionist how well he knew the governor when Martin walked from his office. The visitor never recognized him."

The sharp increase in highway construction costs can be seen in a comparison of figures issued by the Pennsylvania Turnpike Commission. The first stretch of the super-highway, opened in 1940 between Middlesex and Irwin, cost \$71,000,000 to build 100 miles. The anticipated cost of the 100-mile extension from Middlesex to King of Prussia, in the metropolitan Philadelphia area, is \$87,500,000. Thus, it cost about \$443,700 a mile to build the first link while

the extension will run around \$970,000 a mile. The original expenditure included expensive construction of seven tunnels. There will be no tunnels on the eastward stretch but a high level bridge will be needed to cross the Susquehanna about nine miles south of Harrisburg. When the Turnpike is extended about 50 miles from Irwin, near Pittsburgh, to the Pennsylvania-Ohio line, the ultimate cost of the express highway will exceed \$200,000,000.

The Democratic State Committee has retained Jesse Laventhol, crack Philadelphia newspaperman, to handle its press relations during the 1948 election campaign. Laventhol was highway department publicity director during the Earl administration.

Republican leaders at the State Capitol have received a fairly good indication that Governor Duff intends to play ball with the Lackawanna GOP faction headed by Everett Messer rather than the group led by William F. Evans, a follower of Public Utility Commissioner Harold A. Scrags and Mrs. Marion Scrags. National committee woman, Evans deposed Messer as chairman of the county organization by one vote. Duff tipped his hand when he sanctioned the appointment of Daniel W. Beynon, of West Scranton, as Lackawanna county inheritance tax appraiser. Messer admitted intervening in behalf of Beynon who lost another state revenue department job in a political coup.

## Three U.S. Warships On Goodwill Tour

The three ships are the USS Toledo, a heavy cruiser, and the destroyers Chevalier and Higbee. It will mark the first visit of American warships to India and Pakistan since their recognition.

The visit will officially start Wednesday when the ships arrive at Karachi, Pakistan, for a six-day stay. They then will proceed to Bombay.

## Doctor Ordered To Pay \$35,000

MONTROSE, Pa., Aug. 16.—(INS)—A Susquehanna county jury today had awarded \$35,000 to Miss Helen E. Helges, of Allamuchy, Calif., in her lawsuit of contract suit against Dr. George W. Norris, of Dimock, former chief of staff at Pennsylvania Hospital, Philadelphia.

Miss Helges claimed that Norris broke an agreement to pay her \$300 a month for the remainder of her life for her work as housekeeper and companion to his mother, Mrs. Annette Norris. Norris contended Miss Helges was unable to perform her housekeeping duties satisfactorily and her services as companion to his mother were no longer needed.

## Laurel Amateur Day Again Gets Top Billing

Amateur day, a weekly highlight at Laurel playground, provided another afternoon of entertainment on Friday, under the versatile emceeing of Eileen Logan.

Jean Palmer, Sally Barnes, and John Palmer started activities off with a catchy arrangement of "Goodbye, My Lady Love".

This was followed by a tap dance routine by Joan Carlikito, Barbara Lynch and Shirlee Fair.

As swoon king of the day, Darrell Mathews gave forth with "The Dicky Bird Song".

A musical skit, "Dear Mother" was sung and acted out by Rose Marie Palmer, Joanne Hoch and Sally Barnes.

Appealing to the younger portion of the audience was a series of nursery rhymes, quaintly told by Lex Brincho.

Bobby Dean provided an acrobatic act that not only took away the breath of the audience, but also Bobby's breath.

Sissy Logan and Jean Palmer presented an "elephant walk" and Joan Carlikito added an excellent rendition of "The Gypsy".

Another special treat awaiting the audience on Friday was Jimmy Steiner's singing of several cowboy ballads, in his own unimitable style.

One of the outstanding events of this week's program will be the weiner roast held at the playground on Thursday evening at 8:30 o'clock.

ARREST TRIO FOR BATTLE  
Policeman Walter Bartoshek arrested Francis Logue, Frank Minice and Frank Caravaci at Long avenue and Jefferson street at 3:15 a. m. Sunday on a charge of fighting. They placed forfeits to appear in police court but failed, hence the forfeits were confiscated.

According to the policeman's report, Minice and Caravaci had Logue down, when he arrived.

He succeeded in getting Minice to stop fighting but Caravaci continued to fight, hence was struck by the policeman with a night-stick which caused a small laceration to Caravaci's head.

## DENVER HOUSEWIVES OPEN MEAT BOYCOTT

DENVER, Aug. 16.—(INS)—Irate Denver housewives began a week-long boycott of meat counters today with the announced goal of bringing prices down an average of 10 cents a pound.

Leaders of the pettiest rebellion have picked a name—housewives' meat temperance movement—and a rallying cry for their organization.

Their corn-bread slogan is, "we veal sorry for the butcher but we stick our trust in the housewife". Their beef, they explained, is the spiraling price of beef.

PHILADELPHIA, (INS)—Patrolman James Flynn inadvertently helped a snake oil salesman find part of his equipment—a copperhead snake. Flynn was checking doorways when he saw the snake coiled up in the shadows. While awaiting reinforcements to cope with the four-foot reptile, along came the salesman who said he had been "looking for my snake for a couple of hours." Satisfied

the snake was in good hands (not his), Officer Flynn returned to trying the door on his best—cautiously, that is.

## Probing Blast At Bruceton

PITTSBURGH, Aug. 16.—(INS)—Scientists and investigators continued their probe today into the explosion at the Bruceton Laboratories of the United States Bureau of Mines which took the lives of two men and injured four others.

Plant Superintendent Harold P. Greenwald said the investigation will call for a "lot of scientific work."

The explosion occurred Friday and no cause has been determined as yet.

## Soldier's Orphan School Observes Annual Reunion

Mercer County Courthouse Reunion Scene For Three-Day Program

Annual reunion of the Soldiers' Orphan school, formerly located at Mercer, was held this week at the Mercer county courthouse.

Opening with registration and reminiscing on Tuesday, a program was conducted through Tuesday, Wednesday and Thursday.

Wednesday saw a splendid program and memorial service in the assembly room of the Mercer courthouse. John Armstrong, president, presided. Mrs. Blanch Shear Smith of Cincinnati led group singing and later in the evening gave one of her stirring patriotic readings, "Our Nation's Flag". The program was as follows:

Invocation by Rev. John Withers, remarks of welcome by Mr. Armstrong, song and tap dance by Miss Sue Bennett, solo by Miss Helen Dorothy Armstrong, Chorus number by 13 members of the Armstrong family.

The address of the evening was delivered by Rev. Paul Leyda, who used as his text "Duty To One Another" and the Spirit of the Sixteens Through the Years. Plans numbers were played by Miss Lela Bennett of Buffalo, N. Y.

In the memorial service which was in charge of the adopted Sixteens, Mrs. Olive Platt Leyda, Mrs. Irene Miller and Mrs. Myra Withers, most of the program was impromptu.

Thursday the members gathered at the annual dinner in the Methodist church which was served by the Daughters of Union Veterans. At the business session on Thursday, election of new officers found the president to be Audley Zuverer, secretary, Mrs. Eleanor Bennett Lunn; treasurer, Mrs. Rose Eckert Tripp. There were 59 persons registered and 75 attending the annual dinner.

## Trieste Problem Still Vexes UN

Western Bloc To Make Another Attempt To Get Answer

By PIERRE J. NUSS  
(U. N. Staff Correspondent)

LAKE SUCCESS, N. Y., Aug. 16.—The western bloc will make another effort today to solve the Trieste problem before adjournment at Lake Success this week.

The Security Council and the Conventional Arms Commission are scheduled to complete their sessions by Friday to proceed to the general assembly to the Paris meetings.

Britain is taking the lead in a final round with Russia by challenging Soviet and Yugoslav statements on Trieste.

In supporting Yugoslavia's demand in the security council that the United States and Britain cease violating the Italian peace treaty by striving to restore Trieste to Italy, the Soviet bloc asserted the western bloc is hoping to drive a wedge between Marshal Tito and the Yugoslav communists.

At the council session last Friday, Dimitri Manuilsky of the Ukraine lauded the Yugoslav stand and said Russia and the Ukraine backed Yugoslavia to the hilt.

At the same time, however, Manuilsky and Soviet Delegate Yakov Malik snubbed Dr. Jose Wifan, the representative of Tito at U. N.

The United States and France again will join Britain to disclaim Soviet and Yugoslav charges of treaty violations.

In the disarmament field the commission deadlocked with Russia for the past year will proceed to Paris in expectation that Russia is prepared to brand them as those responsible for the stalemate.

However, France already has blocked Soviet plans by presenting a proposal for advancing disarmament talks into a new planning stage.

## School To Brief Young Democrats On 1948 Issues

HARRISBURG, Aug. 16.—(INS)—A school to acquaint young Democrats of Pennsylvania with issues of the 1948 election will be held at Johnstown August 19-21 when the junior organization convenes at Johnstown.

The Democratic state committee said high prices of food and clothing, the record of the Republican-dominated 80th congress on inflation will be discussed by Julia Maletta, of Corwensville, Democratic candidate for congress in the 23rd district and a field worker for the Amalgamated Clothing Workers of America.

Cambria County Prothonotary Joseph Dolan will guide a seminar on what the committee called "lack of congressional action on slum clearance and federally-sponsored low cost housing."

Statewide issues are slated to be discussed August 19 by Rep. Hiram Andrews, of Johnstown, minority leader of the state house of representatives during the 1947 session, the committee said.

The following afternoon, addresses have been scheduled by National Democratic Chairman J. Howard McGrath and U. S. Sen. Francis J. Myers, of Philadelphia.

Officers will be elected on the closing day of the convention.

## JAPS HAIL CHANG VISIT, SEE MOVE TO HALF COMMUNIES

TOKYO, Aug. 16.—(INS)—The Tokyo Times today called the impending visit of former Chinese Premier Chang Chun to Japan the first move toward creation of a far eastern anti-communist bloc.

The paper said such a bloc would be under Chinese nationalist auspices.

Chang, who will travel in a "personal capacity", intends to confer with Gen. Douglas MacArthur and Emperor Hirohito. He will later go to Seoul to meet South Korea's president, Dr. Syngman Rhee.

He is also scheduled to visit Washington after his month-long tour of Japan and Korea.

## Pennsylvania Week Program Being Planned

Plans for the observance of Pennsylvania Week, from September 26 to October 2, in Lawrence county were discussed at a meeting held at The Castleton hotel.

L. B. Round, chairman of Pennsylvania Week in Lawrence county, presided and pointed out the objectives of the week-long celebration. It is planned to open the 1948 observance with appropriate religious ceremonies in churches of all denominations.

The balance of the week will be devoted to "open house" in many of our industrial plants so that our citizens may have a first-hand knowledge of the varied products produced in our splendid group of industries, ranging from piggy banks to 800-ton hot metal mixers.

Through women's organizations, it is planned to have open house at the library and other public buildings, in addition to special displays at hotels and the schools. Opportunities will be afforded to our high school seniors to participate in a state-wide quiz-essay with total cash prizes of \$2,500.

Special programs and showing of the film "Pennsylvania" will be planned for the service and civic clubs.

Displays and other interesting features are being prepared by the merchants and banks in the county.

District Leaders

In each of the communities, in the county, it is anticipated that a "Community Day" program will be arranged. The community chairmen appointed and their districts were: T. L. Ashcom, New Wilmington and Pulaski; Phil M. Cox, Volant; Charles Dice, Enon Valley; J. A. Graham, Edinburg; Francis Gregg, Hillville; Earl Jarrett, Harlanburg and East Brook; Carl D. Montgomery, Besemer; S. G. McCullough, Mount Jackson; C. F. Morrow, Wampum; Dan Radaugh, Union Township; R. J. Schill, Ellwood district, and James Vessella, West Pittsburg.

In charge of special activities, the following chairmen were appointed: J. Lepore Matthews, industrial and utilities committee; H. W. Bowen, retail stores; A. W. Tindal, banks and other financial institutions; Mrs. H. L. Gormley, women's organizations; Rev. Owen Shields, churches; Ivor V. Davis, service and fraternal clubs; Richard E. ## George Washington Bums Have Picnic

Program Presented On Friday,  
The 13th, Proves Most Enjoyable One

Instead of knocking on doors for their dinner, the bums who reigned at George Washington playground on Friday, the 13th, feasted on a picnic dinner at 1 o'clock. To them, Friday the 13th was just another day to have fun, and they did.

Following their picnic dinner, the bums were judged by the other youngsters. Prize awards took a one-family trend.

First prize was awarded to Joydelle Thompson, dressed to resemble Gravel Gertie.

Roberta Ann Thompson, in the guise of Baby Sparkle, took honors with second prize, and third prize, of course, went to the head of the house, B. O. Plenty, Mary Beth Winter.

Honorable mention went to Dave Matthews, with his patch-covered overalls and knapsack. Remainder of the afternoon was spent in relay races and other competitive sports.

A special talent show will be held at the playground on Wednesday, August 18, at 2 o'clock. All children who intend to participate in this event should sign up with either Fred Wimer, or Shirley Cook, playground instructors, on Monday or Tuesday, so the program can be planned. Prizes will be awarded to the winners.

## SHOE SITUATION

MEXICO CITY.—(INS)—Shoes are proving one of the many stumbling blocks to approval of the Mexican-United States commercial treaty which has been in negotiations several months. The National Industrial Chamber of Commerce demands that imports of shoes from the United States be banned completely. They say they want to protect the Mexican shoe industry. Incidentally, more than half of Mexico's population has never worn shoes.

## Not All 'Bikes' Here Licensed

Although Friday was supposed to have been the last day for inspection and licensing of bicycles, not all of them have been tested and licensed, according to calls to police headquarters. So far this

month 1,872 have been licensed which is about 100 more than last year.

Police Chief R. D. Hanna stated today that police, commencing Monday, will watch for unlicensed bicycles and impound them, if it is proved they could have been inspected and licensed prior to Saturday.

## Red Terrorist Campaign Seen In South Korea

Communists Plan Violence At Election Time, Police Director Says

SEOUL, Aug. 16.—(INS)—A government official warned today that the Communists plan to launch a campaign of violence in American-occupied South Korea after Aug. 23.

That is the date set for elections in Soviet-held North Korea for a Russian-sponsored regime to rival the newly-proclaimed republic in the southern half of the country.

The warning was sounded by Dr. P. O. Chough, national police director for South Korea.

Dr. Chough had warned earlier that the Communists planned to instigate outbreaks yesterday in an attempt to beloud and disrupt the Seoul ceremonies that inaugurated the new republic. The violence did not materialize, however.

The police director explained the lack of outbreaks by saying the Communists felt impelled by Gen. Douglas MacArthur's visit to Seoul to postpone their terror campaign.

The general and Mrs. MacArthur flew back to Tokyo immediately after the ceremonies.

Dr. Chough said the authorities made South Korea safe for MacArthur's visit by jailing more than 1,000 "Leftist agitators" in five cities during the week before the inauguration.

Most of the arrests were made in the provinces. Only 150 were taken into custody in Seoul.

Not a single arrest was made during MacArthur's flying visit.

**DRUNKEN DRIVING CHARGE**  
Arthur McKibben, of 210 South Pine street, was arrested by Police-men Hillers and Reese on a charge of operating an auto while intoxicated following an accident at 9:15 p. m. Saturday in Court street.

McKibben allegedly drove a car which struck the car of Harold Welsh, 120 South Ray street.

Chief of Police Robert D. Hanna charged McKibben with driving while intoxicated before Alderman J. C. Kennedy.

## Around Hollywood

By RUTH BRIGHAM  
(International News Service Staff Correspondent)

**HOLLYWOOD, Aug. 16.—(INS)**—Humphrey Bogart, of all things, is more interested in discussing approaching paternity than photography today!

The always suave and frequently sinister Bogey is never more delighted than when talking to a lady—one who is a mother, that is. I went out to the "Knock on Any Door" set to interview Bogart, but the first thing he did was start playing me with questions. Such as: "Did you ever faint before your child was born?"

Assured that it wasn't unusual, he looked relieved and explained: "The other day Betty (that's what he calls Lauren Bacall, the Look) got dizzy and just fainted dead away."

And then: "Say, when did you first feel the baby kick?" and the broadest, most paternal grin you ever saw accompanied this.

It's a new look Bogey is wearing—one you never saw on the screen.

He tries to pretend it's "nothing to get so excited about. Gee whizz, I'm not the sentimental type"—and then he blurts out with: "What about that craving ice cream and barbecue and quail in the middle of the night? Is that on the level—or is it just you women making dopes out of us men?"

**On The Level**  
Satisfied that it was on the level he laughed: "I've been warned. And I was trying a little counter-attack. I've been telling Betty about what a dangerous place Hollywood is really. And the wolves don't just howl—they actu-

ally come out at night and attack lone me wandering around looking for ice cream stores.

"But I didn't get anywhere. She just looked at me and said, 'When I've gotta have ice cream in the middle of the night, I've gotta. And she asked the doctor, and he said she's gotta, too. So I guess she'll get the ice cream.'"

I tried to get a word in edgewise to ask Bogey about his set up with Columbia and the pictures his new company—The Sanato—with Robert Lord will produce, but he came back at me with:

"Tell me about holding the little fellas. Do they ever slip through your hands? You know, I'm scared to death of 'em."

**Buy New Home**  
He says he doesn't care whether his first child is a boy or a girl—he cares about is that it "have two hands and two legs and all the other normal human traits."

The Bogarts have bought Hedy Lamar's house in Beverly Hills, which is already equipped with a nursery, but, he says:

"Would you believe it—we've gotta do that nursery over from top to bottom. It looked all right to me, but Betty says it's got to be done over."

"In fact the whole house must be done over for the baby."

## GARDEN NOTES

Late August and September are two of the best months for transplanting evergreens. To insure success the ground should be thoroughly prepared before planting begins. It should be dug deep and enriched with rotted manure.

Squashes should be gathered before danger of a killing frost. Save even the small, immature squashes for they can be used after the supply of large ones has been exhausted, since as a rule their keeping qualities are good.

Parsnips, salsify and horse radish can be left in the ground all winter. If covered over with straw to prevent the soil from freezing, the roots can be dug as needed.

Only sound and high quality vegetables are worth storing. Bruised or diseased vegetables are almost certain to cause trouble if they are stored with sound produce for any length of time.

The wise gardener will have some hay or straw handy ready for the first early frost, since the usefulness of many plants such as Swiss chard and lettuce will continue if a protective mulch is thrown over the plants on frosty nights.

While everyone knows that vine-ripened tomatoes are far superior to those which have been picked green and allowed to ripen, still another reward for growing your own tomatoes is that fully ripe ones are about twice as high in Vitamin C as those picked while still green.

**FISH AND GAME SLUMP**  
CONCORD, N. H., (INS)—The state fish and game department reports that New Hampshire fur trappers suffered a severe business slump in 1947. The department said trappers realized a 1947 total of \$35,540.52, compared to \$129,479.90 in 1946. Two reasons were cited for the slump—lower prices and failure to have an "open season" on beaver in the state last year.

## Charge Criticism Of Gen. Clay's Policy Hampers Parley

BERLIN, Aug. 16.—(INS)—A source close to Gen. Lucius D. Clay charged today that adverse criticism of the general's policies by the U. S. press is hampering western negotiations in Moscow over the German problem.

The informant said that these press and radio criticisms—which he termed "inspired"—have "stiffened the Russians and encouraged them to demand additional concessions."

One of the general's closest advisers pointed out that Russian-controlled newspapers in Berlin have, in the past week, given great prominence to American newspaper accounts which are critical of the general's policies.

He commented: "Naturally, Russian negotiations in Moscow are encouraged, and raise the ante when they see this spectacle of apparent disunity. The net effect is to weaken our bargaining position at a crucial time."

The long-bodied, short-legged terriers, with long and silky covering were originally developed in northern Scotland. They are the Scotch, a rough wire-haired variety; the Dandie Dinmont with a woollier coat, and the Skyes and Clydesdales with long, silky coats.

## Sauerkraut Time At Forrester, Ill.

FORRESTON, Ill., Aug. 16.—(INS)—It's sauerkraut time again, and the little town of Forrester, with a population of 1,000, is making elaborate plans today to entertain 35,000 persons at its 29th annual sauerkraut day festival, September 16.

"The largest free meal in the world" will be one of the unique features of the festival. More than two tons of sauerkraut and a ton of wieners will be served.

Parades, music, floats, oratory and entertainment will be provided as usual.

Oh, yes, a sauerkraut queen will be selected.

## Jury Will Hear Police Leaders

PITTSBURGH, Aug. 16.—(INS)—Pittsburgh's police leaders, from Superintendent Harvey J. Scott down, will go before the grand jury investigating rackets this week.

Scott is expected to be called following the conclusion of testimony by Lt. Lawrence J. Maloney, head of Pittsburgh's racket squad. The grand jury is probing charges that rackets in Pittsburgh are run with full police and political protection.

## EXPECT TO PAINT BUILDINGS IN 1949

When Mayor John F. Haven and councilman colleagues gather around a table to prepare the budget, or appropriations for 1949, Director of Parks Joseph D. Alexander will make a request that his department be allotted sufficient money to paint up buildings in Cascade Park.

It has been years since the structures were painted, due to both a shortage of city funds, and also of good materials.

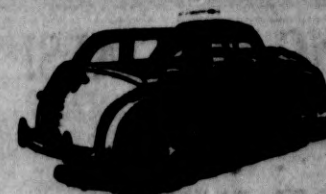

## RECOVER MORE BODIES

FRANKFURT, Aug. 16.—(INS)—American and Italian searchers today recovered five more bodies from the wreckage of a C-47 transport plane which crashed in the

northern Italian Alps last November. Today's victims bring to 10 the total number of bodies recovered. The other 13 persons who were aboard the plane are still entombed in massive drifts of snow.

**GRANT OF \$50,000**  
PHILADELPHIA, Aug. 16.—(INS)—The American Academy of Pediatrics in Philadelphia has been named recipient of a \$50,000 grant from the National Foundation for Infantile Paralysis.

Dr. John P. Hubbard, director of the academy's committee for the improvement of child care, said the money would be used for "better and more evenly distributed medical care for children throughout the nation."
